- Firebase
- Tailwind CSS
- Shadcn UI
- Clerk Auth
- Git & GitHub
- Problem Solving
- Critical Thinking
- Teamwork & Adaptability

### LANGUAGES

- English
- Hindi
- Marathi

### PROFILE

I'm a 20-year-old female software engineer with 2 years of learning experience, including 6 months of hands-on working experience. My passion lies in frontend development, where I've built a strong foundation in modern technologies like Next.js, React.js, Supabase, TypeScript, and JavaScript.

Even in this brief period, I've learned a lot about designing user interfaces that are simple, aesthetically pleasing, and useful. I'm constantly keen to pick up new skills, progress, and push the limits of frontend programming.

### WORK EXPERIENCE

- **webbywolf** JUL - DEC 2024  
Frontend Developer Intern
  - Developed and maintained responsive web applications using React.js, TypeScript, Supabase and Next.js.
  - Built user authentication features and integrated secure APIs for dynamic data handling.
  - Collaborated with the team to optimize performance and deliver high-quality, maintainable code.
- **Fiverr** 2024 - PRESENT  
Freelance Software Engineer
  - Offering web development services specializing in React.js, Next.js, TypeScript, and Supabase, with a focus on creating user-friendly and scalable applications.
  - Actively collaborating with clients to understand their needs and propose tailored solutions, including secure database integrations.
  - Continuously enhancing technical skills and preparing to deliver high-quality projects with a strong emphasis on performance and scalability.

### FEATURED PROJECTS

#### Zoom Clone

<https://zoom-clone-mauve-tau.vercel.app>

NextJS, Firebase, Stream, Clerk Auth, Tailwind UI

A video conferencing app built with Next.js, Stream, and Auth Clerk, featuring secure authentication and real-time communication.

#### Dropbox Clone

<https://dropbox-clone-youtube-wheat.vercel.app>

NextJS, Firebase, Shadcn, Tailwind, NextAuth, Clerk

A cloud storage app built with Next.js, Firebase, Tailwind CSS, Shadcn, and NextAuth, featuring secure authentication and seamless file management.
